Introduction

This publication is a list of organizations that provide free or low-cost food and nutrition materials for consumers. The Food and Nutrition Information Center (FNIC) receives many requests for materials to distribute at health fairs, classes, physicians' offices, wellness programs, and other locations. Since FNIC is not a clearinghouse and has a limited number of publications to send in bulk, FNIC has developed this publication to help others locate free and low-cost food and nutrition materials.

The list is alphabetical and divided into three sections: 1) Nutrition, Medical, and Health Organizations; 2) Food-Related Trade Organizations; and 3) Food Companies.

FNIC recommends that you call or write the organization(s) for a publication list or order form. FNIC also suggests that you make your request(s) for materials as far in advance as possible to allow for processing and mailing time. Some organizations may take up to eight weeks to fill your request. There are fees for some of the materials distributed by these organizations.

Inclusion of an organization on this list does not indicate endorsement by the U.S. Department of Agriculture (USDA), nor does the USDA ensure the accuracy of all information provided by these organizations.
